DETAILED ACTION

Allowable Subject Matter

1. Claims 1-45 are allowed.
2. The following is an examiner's statement of reasons for allowance:

None of the prior art teaches or suggests a method for decoding a plurality of data blocks, comprising: a receiver to receive data transmission; a demodulator coupled to the receiver; demodulating a first data transmission transmitted via a first modulation scheme (8PSK) to obtain a first sequence of bits, the first sequence of bits representing a first data block comprising a first payload; detecting an error associated with the first data block; storing the first sequence of bits; demodulating a second data transmission transmitted via a second modulation scheme (GMSK) to obtain a second sequence of bits, the second sequence of bits representing a second data block comprising a second payload, the second payload comprising at least a portion of the first payload; combining a portion of the first sequence of bits with a portion of the second sequence of bits to obtain a third sequence of bits; appending an other portion of the first sequence of bits to the third sequence of bits to obtain a fourth sequence of bits; and decoding the fourth sequence of bits to obtain the first data block.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
